

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

THE AMERICAN NATURALIST

A BI-MONTHLY JOURNAL

Devoted to the Advancement of the Biological Sciences with
Special Reference to the Factors of Evolution

CONTENTS

	PAGE
I. Experimental Studies on the Duration of Life. PROFESSOR RAYMOND PEARL and SYLVIA LOUISE PARKER.....	481
II. Inheritance of Cancer in Mice. LEO LOEB.....	509
III. Development of Gonads and Transformation of Sex in the Frog. DR. EMIL WITSCHLI.....	528
IV. The Rate of Growth following an Initial Period of Suppression. DR. HOWARD S. REED.....	539
V. Shorter Articles and Discussion: Estimating the Number of Genetic Factors concerned in Blending Inheritance: Professor GEORGE H. SHULL; Professor W. E. CASTLE. Genetic Terminology: Dr. HOWARD B. FROST; Professor WILLIAM A. LIPPINCOTT. Cross-over Values in the Fruit Fly: Dr. J. F. IVES. On Counting Chromosomes in Pollen Mother Cells, JOHN BELLING.....	556
Index to Volume LV.....	576

THE SCIENCE PRESS

LANCASTER, PA.

GARRISON, N. Y.

The American Naturalist

MSS. intended for publication and books, etc., intended for review should be sent to the Editor of **THE AMERICAN NATURALIST**, Garrison-on-Hudson, New York.

Short articles containing summaries of research work bearing on the problems of organic evolution are especially welcome, and will be given preference in publication.

One hundred reprints of contributions are supplied to authors free of charge. Further reprints will be supplied at cost.

Subscriptions and advertisements should be sent to the publishers. The subscription price is five dollars a year. Foreign postage is fifty cents and Canadian postage twenty-five cents additional. The charge for single copies is one dollar. The advertising rates are Eight Dollars for a page.

SPECIAL NOTICE

Owing to a printers' strike of nationwide extent, which began on May 1, the November-December number of **THE AMERICAN NATURALIST** appears late. It is hoped that the January-February number will appear within a short time and that hereafter the regular dates of publication will be maintained.

THE SCIENCE PRESS
